# About ICRC

- Established by CMS to advance integrated care models for Medicaid beneficiaries with high costs and high needs
- Provides technical assistance (TA) to help states integrate care for:  
(1) individuals who are dually eligible for Medicare and Medicaid;  
and (2) high-need, high-cost Medicaid populations via health homes as well as other emerging models
- TA coordinated by Mathematica Policy Research and the Center for Health Care Strategies
- Visit <http://www.integratedcareresourcecenter.com> to submit a TA request and/or download resources, including briefs and practical tools to help address implementation, design, and policy challenges
